

## **MINIMUM QUALIFICATIONS FOR ENTRY INTO A MEDICAL PROGRAMME**

### **A. The selection for admission to a medical programme implies selection for the medical profession.**

A person who is qualified in Medicine from a medical programme recognized by the Malaysian Medical Council (“Council”) is entitled to be provisionally registered by the Council (Section 12 Medical Act). The fitness to practise Medicine of the intended applicant shall have to be considered in the selection for entry into any medical programme.

### **B. The practice of Medicine requires the highest standards of professional and personal conduct as well as professional competence.**

Although some students have attained the academic standards required, they will not be suitable to a career in Medicine. It is in the interest of the public and such students that they should not gain admission, rather than to have to leave the course or the profession subsequently.

It is the responsibility of the medical school to ensure that there are no particular circumstances that will impact upon an applicant’s fitness to practise upon graduation.

All applicants shall declare if they have:

- been found guilty of any criminal offence(s);
- serious physical or mental illness; and/or
- serious communicable disease(s)

which may impact upon their future practice.

A person with any of the following shall be disqualified from entry into a medical programme:

- found guilty of offence(s) affecting the human body;
- recent or serious dishonesty e.g. cheating at examinations, falsification of documents, plagiarism;
- serious physical or mental illness; and/or
- serious communicable disease(s).

Any failure to declare information that has a material influence on a student’s fitness to practise may lead to termination of their medical course, as honesty, integrity and good health are essential attributes of a doctor and by extension, the medical student.

In the event of any doubt, the medical school shall seek clarification from the Council.

All decision makers of medical schools and aspiring applicants are advised to study the Council’s document “The duties of a doctor” and other Council guidelines available at [www.mmc.gov.my](http://www.mmc.gov.my).

**C. A high level of academic attainment is expected.**

1. An understanding of science, in particular chemistry and biology, is central to the understanding of Medicine. However, the Council recognizes the diversity of subjects taken by applicants and the contributions of those who entered medical schools with other qualifications.

2. All applicants shall have attained a level of competence in English to enable them to complete the course successfully.

3. All applicants who enter a matriculation, foundation or pre-medical programme, except those with a degree qualification in arts or humanities, shall have passed and attained a minimum of the following at School Certificate level or its equivalent:

<b>Examinations</b>	<b>Requirements</b>
<b><i>Sijil Pelajaran Malaysia (SPM)</i></b>	5 Bs each in Biology, Chemistry, Physics, Mathematics (or Additional Mathematics) and another subject
<b><i>General Certificate of Education Ordinary (“O”) levels</i></b>	5 Bs each in Biology, Chemistry, Physics, Mathematics (or Additional Mathematics) and another subject
<b><i>Unified Examination Certificate (UEC)</i></b>	B4 each in 4 subjects i.e. Biology, Chemistry, Physics (or Mathematics or Additional Mathematics) and another subject

4. All applicants, except those with a degree qualification in arts or humanities, shall have passed and attained a minimum of the following at:

a. Higher School Certificate level or its equivalent:

<b>Examinations</b>	<b>Requirements</b>
<b><i>Sijil Tinggi Pelajaran Malaysia (STPM)</i></b>	Grades BBB, ABC or AAC in 3 subjects i.e. Biology, Chemistry, Physics or Mathematics

<b>General Certificate of Education Advanced ("A") levels</b>	Grades BBB, ABC or AAC in 3 subjects i.e. Biology, Chemistry, Physics or Mathematics
<b>Matriculation</b> <i>or</i> <b>Foundation in Science</b> <i>or</i> <b>Pre- Medical course</b>	CGPA 3.0 (out of 4) in 3 subjects i.e. Biology, Chemistry, Physics or Mathematics <b>and</b> Provided the course is not less than 1 year in the same accredited institution <b>and</b> the minimum entry qualification is 5 Bs each in Biology, Chemistry, Physics, Mathematics (or Additional Mathematics) and another subject at School Certificate level or its equivalent
<b>United Education Certificate (UEC)</b>	B4 each in 5 subjects i.e. Biology, Chemistry, Physics, Mathematics and Additional Mathematics
<b>Monash University Foundation Pre-University Program (MUFY)</b> <i>or</i> <b>University of New South Wales (UNSW) Foundation</b> <i>or</i> <b>Western Australia Curriculum Council</b> <i>or</i> <b>HSC Sydney Australia</b> <i>or</i> <b>Trinity College Foundation Studies</b> <i>or</i> <b>Australian Universities Foundation Programmes</b> <i>or</i> <b>South Australian Matriculation (SAM)</b> <i>or</i> <b>Victorian Certificate of Education, Australia Year 12</b>	Aggregate or average of 80% in any 3 subjects i.e. Biology, Chemistry, Physics or Mathematics <b>or</b> 80% ATAR
<b>National Certificate of Educational Achievement (NCEA) Level 3</b> <i>or</i> <b>New Zealand Bursary</b>	Average of 80% in any 3 subjects i.e. Biology, Chemistry, Physics or Mathematics

<b>Canadian Pre-University (CPU)</b> <i>or</i> <b>Canadian International Matriculation Program (CIMP / Canadian Grade 12/13)</b>	Average of 80% in any 3 subjects i.e. Biology, Chemistry, Physics or Mathematics
<b>Indian Pre-university</b>	Average of 70% in any 3 subjects i.e. Biology, Chemistry, Physics or Mathematics
<b>International Baccalaureate (IB)</b>	30 points with a minimum of 2 science subjects or Mathematics at Higher Level (HL) and 1 science subject at Standard Level <b>and</b> attained a minimum score of 4 each in Biology, Chemistry, Physics (or Mathematics)

Or

b. Diploma level

<b>Examinations</b>	<b>Requirements</b>
<b>Diploma in Health Sciences</b>	CGPA 3.5 (out of 4) <b>and</b> Provided the course is not less than 5 semesters or 2 1/2 years in the same accredited institution <b>and</b> the minimum entry qualification is 5 Bs each in Biology, Chemistry, Physics, Mathematics (or Additional Mathematics) and another subject at School Certificate level or its equivalent

Or

c. Degree level

<b>Examinations</b>	<b>Requirements</b>
<b>Degree in Medical Sciences</b>	CGPA 3.3 (out of 4) 5-year undergraduate medical programme
<b>Degree in Medical Sciences</b>	CGPA 3.5 (out of 4) 4-year graduate medical programme

<b><i>Degree in the Arts or Humanities</i></b>	CGPA 3.5 (out of 4) 5-year undergraduate medical programme <b>and</b> 3 Cs each in Biology, Chemistry, Physics, General Science, Mathematics or Additional Mathematics at SPM or its equivalent or an accredited bridging course
<b><i>Degree in the Arts or Humanities</i></b>	CGPA 4.0 (out of 4) 4-year graduate medical programme <b>and</b> 3 Cs each in Biology, Chemistry, Physics, General Science, Mathematics or Additional Mathematics at SPM or its equivalent or an accredited bridging course

5. Applicants shall be required to pass an aptitude test and/or an interview and/or a university entrance examination.

**6. There shall be no exemption from any year of a 4-year graduate medical programme.**

**7. A medical school shall not exempt any person from a year of a 5-year undergraduate medical programme without the prior approval of the Council. Such applications, together with the supporting documents, shall be made to the Council at least three months prior to the commencement of the course.**

8. Clarifications shall be sought from the Council in situations for which there are no provisions in this guideline.

9. Graduates from a medical programme who seek employment in the public sector shall attain a credit in Bahasa Malaysia and English at SPM or its equivalent.

### **Acknowledgements**

The draft of this guideline was prepared by a Council committee comprising Dr Milton Lum Siew Wah (Chairperson), Prof Dato Dr Mohd Amin Jalaludin, Prof Dato Dr Md Tahir Azhar and Prof Dr Nabishah Mohamad.

The committee is grateful to Prof Dato Dr Abdul Razzak Mohd Said, Prof Dr Zarida Hambali, Puan Halinordina Mat Saad and Cik Marziawani Othman for technical support and the secretariat of the Council.

***Adopted by the Malaysian Medical Council on 16 January 2012.***
