

MALAYSIAN MEDICAL COUNCIL
Evaluation of Specialist Training Programmes in Educational Training Provider
(ETP) Registered under Act 555, Act 173 and AUKU for Accreditation

~~~~~

## Criteria for Award of Full Accreditation

### Overview:

All specialist training programmes in Malaysian **must fulfil all three (3) criteria** for award and duration of full accreditation by the Malaysian Qualification Agency.

### Criteria 1: Overall Score

| Total Evaluation Score | Year of Accreditation                          |
|------------------------|------------------------------------------------|
| ≥80%                   | 6 years                                        |
| 70 – 79%               | 4 years                                        |
| 60 – 69%               | 2 years                                        |
| Less than 60%          | 0 year (Failed accreditation / unsatisfactory) |

### Criteria 2: Satisfactory Performance in Critical Accreditation Areas

| Critical Accreditation Area                   | Minimum Mark for Evaluation of Critical Areas |
|-----------------------------------------------|-----------------------------------------------|
| Area 1:<br>Programme Development and Delivery | ≥60%                                          |
| Area 2:<br>Assessment of Student Learning     | ≥60%                                          |
| Area 4:<br>Trainers                           | ≥60%                                          |

### Criteria 3: Satisfactory Performance in other Accreditation Areas

| Accreditation Area                                | Minimum Mark for Evaluation of Other Area |
|---------------------------------------------------|-------------------------------------------|
| Area 3:<br>Trainee Selection and Support Services | ≥50%                                      |
| Area 5:<br>Learning Resources                     | ≥50%                                      |
| Area 6:<br>Programme Management                   | ≥50%                                      |
| Area 7:<br>Quality Assurance                      | ≥50%                                      |
